

## Multiple Roster Process in U.S. Soccer Connect

You will need the signature of both clubs (if applicable) on the [Multiple Roster form](#) and both clubs will need to register the player to their respective clubs for the 2018-2019 seasonal year in U.S. Soccer Connect.

- If the player is participating on two teams within the same club, as a registrar, you will complete the secondary registration to the age group that they will participate on as a secondary player.

Candice Fabry, Dir of Member Services, will still approve and sign off on the multiple roster, and then return to the club(s) registrar.

Additionally, Iowa Soccer will make sure the identification of primary and secondary show correctly.

The primary/secondary designation to be released/visible in U.S. Soccer Connect approximately August 6th.
